

CLEAN WATER RESTORATION ACT

Endorsements

More than 300 organizations representing the conservation community, family farmers, fishers, surfers, boaters, faith communities, environmental justice advocates, labor unions, and civic associations, call on Congress to pass the Clean Water Restoration Act to reaffirm the historical scope of the 1972 Clean Water Act and ensure “waters of the United States” that have been covered by federal protections for 30 years retain federal Clean Water Act protection.

The following groups endorse the Clean Water Restoration Act: (As of June 14, 2007)
