

TOXIC FLEA & TICK COLLAR SURVEY

Instructions: Help the Natural Resources Defense Council protect pets and families from dangerous chemicals – check your local PETCO or PetSmart store shelves for these toxic flea & tick products. Just check off the products on the list that appear in your local store. Cancer warning labels are also required on collars with the pesticide propoxur as an ingredient, so if you find one of those products – check whether or not it has a warning label with the proper language (see propoxur chart). Email your findings to greenpaws@nrdcaction.org.
