

FLINT WATER TESTING

VOLUNTEERS NEEDED

Help Flint get independent tap-water testing for lead!

To participate, email lcr.flint@gmail.com or call **517-884-8456**.

-
- › Testing conducted by a team from Michigan State University, led by Dr. Susan Masten
 - › Seeking 100 homes for free testing
 - › Only requires 1 water sample during next 6 months
 - › Independent & separate from the state & city testing
 - › Neither the state nor the city will ever handle the water samples
 - › Testing done at different lab than one used by the state
 - › You'll receive test results as soon as they are complete
 - › Your personal information, name, address will NOT be disclosed to the public

YOU MAY BE ELIGIBLE TO PARTICIPATE IF:

- › You live in Flint and get your water from the Flint Water System (you do not need to be up-to-date on your water bill)
- › Government records indicate that your home is served by a lead service line
- › Your home is not presently part of MDEQ's "Sentinel" tap-water monitoring program

If you would like to participate, email your name, address, and phone number to lcr.flint@gmail.com, or call 517-884-8456.
