## Q35. TIMING.

# Q35. TIMING 

Supporters of the proposal say U.S. water
infrastructure is outdated and no American should have to face severe health risks from water contaminated by lead pipes. They say the current EPA rule, which allows utilities to leave most lead pipes in use and lets highly lead-
contaminated systems more
than 30 years of continued lead pipe use, falls short. We need a better plan that will solve this issue sooner.
Opponents of the proposal say access to safe water is say access to safe water is important, but we already have a rule in place that ill replace lead pipes hey are found to cause ngoing lead contamination bove the EPA's acceptable level. They say the current rule puts the U.S. on a path to safe water for all without overburdensome government regulations and unnecessary costs.

Q36. RISING COSTS. Q37. UTILITY RESPONSIBILITY.

Q36. RISING COSTS
Supporters of the proposal who say access to safe drinking water is a basic human right. They say no person in America should be forced to drink
contaminated water that exposes them to severe health risks, and the EPA has the responsibility to put American lives and health ahead of the costs to water utilities.
Opponents of the proposal who say forcing water utilities to replace all lead pipes, regardless of location or levels of lead exposure, is unnecessary exposure, is unnece
utilities to go bankrupt or raise prices on consumers.

Q37. UTILITY RESPONSIBILITY Supporters of the proposal who say that it was th who say that it was
installed or approved of
these lead pipes years ago, and it should be their responsibility to pay for replacing them.
opponents of the proposal who say forcing water utilities to replace all lead pipes, regardless of location or levels of lead exposure, is unnecessary
and will cause many
utilities to go bankrupt or raise prices on consumers.

| Supporters of the proposal who say access to safe drinking water is a basic human right. They say no person in America should be forced to drink contaminated water that exposes them to severe health risks, and the EPA has the responsibility to put American lives and health ahead of the costs to water utilities. | 74\% | 80\% | 78\% | 79\% | 84\% | 49\% | 72\% | 76\% | 66\% | 74\% | 77\% | 33\% | 97\% | 65\% | 26\% | 94\% | 78\% | 42\% | 99\% |
| Opponents of the proposal who say forcing water utilities to replace all lead pipes, regardless of location or levels of lead exposure, is unnecessary and will cause many utilities to go bankrupt or raise prices on consumers. | 26\% | 20\% | 22\% | 21\% | 16\% | 51\% | 28\% | 24\% | 34\% | 26\% | 23\% | 67\% | 3\% | 35\% | 74\% | 6\% | 22\% | 58\% | 1\% |
| Q37. UTILITY RESPONSIBILITY Supporters of the proposal who say that it was the water utilities who installed or approved of these lead pipes years ago, and it should be their responsibility to pay for replacing them. | 71\% | 84\% | 66\% | 80\% | 74\% | 53\% | 67\% | 65\% | 84\% | 69\% | 72\% | 55\% | 86\% | 64\% | 48\% | 90\% | 76\% | 36\% | 94\% |
| Opponents of the proposal who say forcing water utilities to replace all lead pipes, regardless of location or levels of lead exposure, is unnecessary and will cause many utilities to go bankrupt or raise prices on consumers. | 29\% | 16\% | 34\% | 20\% | 26\% | 47\% | 33\% | 35\% | 16\% | 31\% | 28\% | 45\% | 14\% | 36\% | 52\% | 10\% | 24\% | 64\% | 6\% |

Q36. RISING COSTS. Q37. UTILITY RESPONSIBILITY.

## Q38. PRIVATE PROPERTY

Q38. PRIVATE PROPERTY
Supporters of the proposal who say that exposure to lead poses serious health isks that cannot be
ignored, and that's why any lead pipe replacement plan should pay for $100 \%$ of the cost to replace the lead pipes providing water to homes, no matter whether the pipes are under public property or under someone's front yard. Otherwise, lowincome families and people who rent will still have to drink water from these lead pipes.
Opponents of the proposal who say replacing all lead ho say replacing all lead ipes will burden water houldn't be required to houldn't be required to emove the part of a lead ervice line that is unde private property or under someone's front yard - they ay individual homeo should pay for that.
