Q35. TIMING

Supporters of the proposal say U.S. water infrastructure is outdated and no American should have to face severe health risks from water contaminated by lead pipes. They say the current EPA rule, which allows utilities to leave most lead pipes in use and lets highly lead-contaminated systems more than 30 years of continued lead pipe use, falls short. We need a better plan that will solve this issue sooner.	68%	69%	67%	71%	67%	65%	71%	65%	76%	60%	66%	69%	69%	67%	69%	70%	69%	63%	66%	74%	66%	69%	68%	69%	69%	67%
Opponents of the proposal say access to safe water is important, but we already have a rule in place that will replace lead pipes if they are found to cause ongoing lead contamination above the EPA's acceptable level. They say the current rule puts the U.S. on a path to safe water for all without overburdensome government regulations and unnecessary costs.	32%	31%	33%	29%	33%	35%	29%	35%	24%	40%	34%	31%	31%	33%	31%	30%	31%	37%	34%	26%	34%	31%	32%	31%	31%	33%

Q39. JUSTICE																										
Supporters of the proposal who say U.S. water infrastructure is severely outdated, especially in low-income areas and communities of color who are disproportionately impacted by contaminated water. They say access to safe drinking water should not be determined by how much money someone makes.	68%	65%	71%	69%	69%	66%	70%	66%	69%	61%	70%	71%	66%	72%	63%	69%	69%	76%	71%	74%	66%	64%	69%	67%	69%	67%
Opponents of the proposal say access to safe water is important, but we already have a rule in place that will replace lead pipes if they are shown to cause lead contamination in excess of the EPA's acceptable level. This proposal is simply a radical transfer of wealth from working Americans to liberal ideologues who will hurt American consumers in the name of phony environmental justice.	32%	35%	29%	31%	31%	34%	30%	34%	31%	39%	30%	29%	34%	28%	37%	31%	31%	24%	29%	26%	34%	36%	31%	33%	31%	33%

Supporters of the proposal who say U.S. water infrastructure is severely outdated, especially in low-income areas and communities of color who are disproportionately impacted by contaminated water. They say access to safe drinking water should not be determined by how much money someone makes.	68%	81%	69%	54%	78%	84%	67%	69%	54%	54%	83%	79%	68%	74%	66%	48%	80%	73%	52%	81%	55%	65%
Opponents of the proposal say access to safe water is important, but we already have a rule in place that will replace lead pipes if they are shown to cause lead contamination in excess of the EPA's acceptable level. This proposal is simply a radical transfer of wealth from working Americans to liberal ideologues who will hurt American consumers in the name of phony environmental justice.	32%	19%	31%	46%	22%	16%	33%	31%	46%	46%	17%	21%	32%	26%	34%	52%	20%	27%	48%	19%	45%	35%
