Respondents,

DOW AGROSCIENCES LLC,

No. 17-70817

Intervenor.

Before: GOULD and WATFORD, Circuit Judges.

Intervenor's motion to file a response in support of respondents' motion for a protective order (Docket Entry No. 30) is granted. The response was filed at Docket Entry 30.

Upon review of the parties' objections to this court's October 12, 2017 order, we enter the protective order appended to this order.

Respondents' motion for a protective order (Docket Entry No. 12) is therefore moot.

The parties' "stipulation concerning petitioners' motion to expedite" (Docket Entry No. 51), respondents' motion for an extension of time (Docket Entry No. 12), and petitioners' motion to expedite (Docket Entry No. 20) are granted in part.

Respondents shall file the certified index on January 8, 2018. The opening brief is due March 5, 2018. The answering brief and the intervenor's brief is due April 30, 2018. The optional reply brief is due within 21 days after service of the answering and intervenor's briefs.

No streamlined extensions will be approved under Ninth Circuit Rule 31-2.2(a).

The Clerk shall place this appeal on the first available calendar upon completion of briefing.
